

*László Bedecs*

*THE POWER OF CONTEXT*

*Literary Space in Hungary during the 1990s*

*The article deals with the question of the development of the literary space in Hungary during the 1990-s. In that particular process of change of regime the prestige, the social role of culture and, respectfully, literature, as well as the position and well-being of the writers undergo significant change. By looking into the reasons behind the social changes and their consequences, the role of the writers is defined, among the discussed names are Nádas Péter, Spiró György, Parti-Nagy Lajos, Tár Sándor, Háy János, Kornis Mihály etc.*
