### *LITERARY THEORY IN THE NEW CENTURY*

*What are the new trends in the literary theory of the new century? What has been happening with its subjects and language, and what distinguishes it from the literary theory of the 1990s? What are some of the most representative titles from that period? Which names do we have to look out for? Those are some of the questions this brief review has asked and sought to answer.*

*Keywords: literary theory, literary canon, Bulgarian literature, Bulgarian literary discourse, literary terminology*
