**SINGULARITY AND UNDECIDABILITY
The Political Implications of Yavorov's Poetry**

Abstract

The aim of this paper is to approach the political consequences for both the theoretical problem of the Author and the cultural-historical problem of fin de siècle literary space of the symbolist poetry of P. K. Yavorov. This poetry is marked by certain undecidability that make its structure deeply ambivalent.

Keywords: politics, singularity, Yavorov, symbolism, deconstruction
